

# WINNER

**Regional Builder  
of the Year**

Refuge Homes Pty Ltd

**Project:** Hazelwood North

**Contact:** Marcus Phelan

**Phone:** 1800 733 843

**Designer:** Refuge Homes

Surrounding natural vegetation inspired the design and planning of this home. Boasting not only impressive beauty but also providing practical living and entertainment options, this family home is a modern masterpiece. Featuring four generous bedrooms, two living areas plus a sunroom and large alfresco area, it is the perfect mix of entertaining spaces and private retreats. Polished concrete floors are a feature as are the earthy tones used throughout. From the outset, this home creates a welcoming impression with a unique façade and expansive parapets.

## SOUTH EAST WINNER

### Regional Residential Builder of the Year

### Refuge Homes

**Project:** Hazelwood North

**Contact:** Marcus Phelan

**Phone:** 1800 733 843

**Designer:** Refuge Homes

Refuge Homes is a family-owned business that has pioneered an innovative building technique that can achieve both flame zone and category five cyclone-rated homes. Paving the way for more durable, safer, more energy efficient, distinctive homes that can be delivered at a price point commensurate to a standard brick veneer home. This project involved the construction of a unique, concrete roofed, eight star energy rated, flame zone style home that is both stylish and low maintenance. Coupled unparalleled features of safety and energy efficiency, this home provides a lifestyle for Australian families.
